

Nut-in-shell

Macadamia nut-in-shell is well known as the *best* of the traditional in-shell tree nut varieties.

Having become widely consumed across China and parts of Asia it is now rapidly gaining traction across North America and Europe as a popular snack choice with consumers.

Whether for re-distribution or to create your own fine products, we offer a range of NIS options to suit any market, price point and application.

Sizing

Two size ranges:

- 22mm+
- 20-22mm

Grades

Depending on the application and price point required we offer two quality grades for our NIS:

Grade	Unsound Level % Number of unsound per 100 nuts
Super Premium	0 - 4
Premium	>4 - 8

Nut-in-shell

**MARQUIS**
MARKETING
