## THE STORY OF MIZKAN

Mizkan is a global, family-owned company that has been Bringing Flavor To Life™ for MORE THAN 215 YEARS. At Mizkan America, Inc., our roots go back to 19th century Handa where, in 1804, Mr. Matazaemon Nakano began producing rice vinegar using byproducts from the production of sake (rice alcohol). He sold this new product to local sushi chefs, unaware that he had started a company that would become the largest vinegar producer in the world.

Today the Mizkan name is respected throughout the world's retail, foodservice, and food ingredients channels for its quality vinegars, seasoned rice vinegars, balsamic vinegars, wine vinegars, salad dressings, and authentic Asian sauces.
